## RUMORED ENGAGEMENT

### IN THE STRAITS OF COREA.

Chinese Cruisers Clear for Action and Order Russian Vessels to Leave Chinese Waters—Rojstvensky Is Well.

London, May 27.—A persistent rumor is current here that the Russian and Japanese fleets are engaged in the Korean straits. The Vladivostok squadron, it is reported, has left for the south to meet Rojstvensky in the straits in question. A Shanghai correspondent says that "All the Chinese cruisers in these waters cleared for action today, and the Tacta went to the Russian consulate and demanded that the Russian ships leave Chinese waters within twenty-four hours." The Russian volunteer fleet has thus far entirely ignored the order.

St. Petersburg, May 27.—Experts assume that the unopposed Russian ships near Shanghai, like the six which have entered Woo Sung Port, are part of the transport fleet sent to confuse the fleet. Rojstvensky's physician denies the reports of his breakdown in health.

## FIRST ALBERTA CONFERENCE.

Calgary, May 26th.—The Central Methodist church was well filled when the first session of the new Alberta Conference commenced its work yesterday. The Rev. James Harrison, of Medicine Hat, president of the Conference, presided, and Rev. C. W. Kerby is secretary, assisted by T. P. Perry, of Leduc and A. Barnes of Lacombe.

The following transfers into the conference were announced: G. G. Wemmer, of Leduc, to Bishop, H. A. on the 10th inst.; J. H. Johnston, D.D., of Leduc, to Bishop, London conference; R. J. May, of Manitoba, A.S. Tule, D.D., of Nova Scotia; W. J. Howard, D.D., of A. Scher, of the New Brunswick and Prince Edward Island conferences.

The following members were recommended to be supernumerary: Rev. John McDougall, F. Langford, H.A., Dr. L. Gault, F. Michener. The first list of stations for the Edmonton, Vermilion and Lacombe districts is:

### EDMONTON DISTRICT

Edmonton—C. H. Hucalis; Alberta College, J. H. Hucalis; Edmonton second, A. S. Tuttle. Strathcona—J. Johnston. Clover Bar—J. Coulter. Leduc—W. J. Connors, R. T. Harnden.

Milket—A. H. Burnett. Wetaskiwin—C. G. Cornsfield. Lewisville—F. E. Cory. Camrose—T. Philip. Beethel—W. B. Mitford. Spring Lake—R. E. Finlay, one wanted.

Bellmont—F. Bushfield. Sturgeon—W. Johnston. Athabasca Landing—One wanted. Peace River—One wanted. Pembina River—R. Teller, R. K. Swinerton. White Lake—C. F. Hopkins (Mowassu), W. J. Hargrath, T. W. Bateman, G. Sparling.

### VERMILION RIVER DISTRICT

Fort Saskatchewan—A. R. Aldridge, one wanted. Scar—J. K. Smith. Vegreville—A. E. Argue. Tofteld—J. Tough. Birch Lake—W. L. Bradley. Hodge—A. R. Aldridge. Blackfoot Hills—C. W. Whitman. Vermilion Valley—T. Wells. Victoria—G. N. Maywood. Gallatin Mission—C. H. Lawford. Whitefish Lake—R. T. Seinhauer. Saddle Lake—One wanted. Good Fish Lake—A missionary teacher.

### LACOMBE DISTRICT

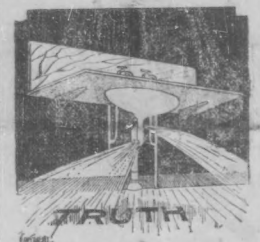

Lacombe—H. E. Gordon. Blackfolds—A. D. Richards. Alta—A. Barber. Pleasant Valley—F. W. Sykes. Rimbrey—H. C. Duffin. Convent—W. Clark. Red Willow—C. G. Webster. Flomenau—J. C. Flomenau. Sullivan Lake—Wm. Wyman. Lammerton—One wanted. Mornington—D. F. Driver. Ponoka—E. J. Hodgins. Red River—W. M. Leonard. Pigeon Creek—E. M. Shannon. Battle River—Orrie German, and missionary teacher. Bears Hill—W. W. Sanders, L. R. Patterson, J. R. Kyle, E. J. Taylor. Officers elect—Pres. John McDougall, D.D., secretary, Rev. A. Barber.

## Saturday Bargains

3 only SUIT LENGTHS, 51-2 yards each, regular \$6.50 and \$7.00. Saturday \$4.75.

## G. T. P. O. Commission Reports.

On Monday Sir Wilfrid Laurier presented a return to Parliament showing the results so far as accomplished, by the national transcontinental railway commission. In addition to reports, giving a very fair idea of the nature of the country to be traversed, the return is accompanied by the first official maps which have not yet been given to the public, showing the location of the new cross-continent railway. Stated briefly the report of Mr. Wade and his fellow commissioners goes to confirm the favorable impression that has already been given to the public of the new route and to fully establish the claims that were made by the government when the matter was laid before parliament, both as regards the physical features of the route from a railway point of view and the adaptability of much of this hitherto undeveloped region to agriculture.

## MAKING FURTHER EXPLORATIONS.

Mr. Wade announces that the board has decided, subject to the approval of parliament, to take over the portion of the survey work on the eastern division, performed by the Grand Trunk Pacific, for which \$250,000 will be paid to that company. Although the Grand Trunk Pacific Company is strongly of the opinion that they have secured the best possible line through the country east of Winnipeg, the commissioners decided it would not be advisable to take this for granted, and further explorations are accordingly being made. "We have reason," Mr. Wade remarked, "to hope for a very substantial improvement upon the line obtained by the Grand Trunk Pacific railway, but it is too early yet to attempt to go into details."

The commissioners submit a framed plan, showing the approximate location of the new transcontinental line from Montreal to Winnipeg with the alternate lines marked on it. This does not, however, represent the final location of the road, and is only prepared to give an idea of the prevailing conditions. So far as could be learned, the chief instrument men, and other men of the parties taken over from the Grand Trunk Pacific were mostly, if not all, Canadians.

## TWO DISTRICTS COMPLETED.

The preliminary surveys in districts "A" from Montreal to the boundary between Montreal and Clear Lake in Quebec, as well as for district "B" from Winnipeg to Lake Superior, will be completed so that tenders may be invited in the early autumn. As far as the commission is aware all the employees are British subjects and with very few exceptions Canadian-born. They are confident that there will be a full home supply of both skilled and common labor to be found for all their purposes. They have laid down the rule that promotion must be made on merit alone, and in the matter of merit the judgment of the engineers in their respective departments will prevail.

Speaking of the Lake Abitibi region and the country extending west the chairman of the board says it is now known to be of a most inviting character. The districts between Clear Lake, in Quebec, and Montreal are most valuable and should be kept up by heavy communication. Arrangements to prepare uniform regulations in the eastern and western divisions of the new transcontinental railway have been approved. This will insure a uniform standard of construction from ocean to ocean. It had been asserted that there were almost insuperable difficulties in the way of constructing a direct line between Montreal and Lewis, but the route, as the surveys show, runs all the way through a valuable country, part of which is settled, and the remainder most desirable for settlement.

## A GOOD DEAL SHORTER.

The opening up of this stretch, moreover, will be a great advantage to the country. The probable length of this line, if the cross-country route in New Brunswick is adopted, will be shorter than the Intercolonial, but how much shorter the commission cannot say until the location surveys are completed. Using the same grades as the Intercolonial, a saving of at least ninety miles would be effected, and nearly as much as by the river route. The same motive power that will haul 600 tons on the Intercolonial, will, by the new line, haul 1,200 tons going east.

The commission is now possessed of sufficient information to enable a decision to be arrived at as to whether the line via Fredericton and the St. John river valley and the line across the centre of the province of New Brunswick shall be decided as to whether the line should run north or south of Lake Abitibi in Ontario, it will be some time before the com-

G.T.P. Commission Reports.  
Continued from page two

mission will have sufficient data to make up their minds on that point. WILL CALL FOR TENDERS.

It is proposed to commence locating surveys in districts "A" and "B" as soon as local conditions permit, and it is expected that tenders for this will be called soon.

Taking the workings of the two railways and supposing that twenty Intercolonial freight trains are run each way, in six working days on the Intercolonial, there will be 4,111,000 net tons of freight carried, valued at \$3,660,711. On the transcontinental the same business would be done for \$1,782,518; in other words, the commissioners claim that the saving by means of the transcontinental with its longer grades and curves would be \$1,237,192, which capitalized at four per cent. per year would be equivalent to \$30,000,000. Giving the transcontinental ten fully loaded trains per day of there are two saving capitalized would represent \$50,000,000, and if the grades are increased to the Intercolonial standard of one per cent., the distance will be reduced on the transcontinental to 463 miles, there will be a saving of \$148,937 per year as against the Intercolonial, which, capitalized, would represent \$13,723,438.

## NOT ADVISABLE.

It has been suggested that the Intercolonial should be utilized for the eastern section of the line, but in the judgment of the commissioners, from the information obtainable, if it were attempted to lower the grades of the Intercolonial to the standard required by the transcontinental, the distance from Levis to Montreal would be increased by considerably over 100 miles, and a large section of valuable country would be left unopened. There are two points on the stretch from Levis to Montreal, where it may be found desirable to put in "pushers," where, if this is decided upon, a further shortening of twenty-five miles can be secured.

## HAVE EXPENDED \$140,000.

"We cannot estimate accurately," says Mr. Wade, "the cost of the proposed line from Montreal to Chaudiere Falls, but think it will not exceed \$3,000,000 per mile, and we hope to very considerably reduce this estimate. We have expended up to the end of March \$140,000 and we have liabilities of \$175,761. For the ensuing year we estimate that we will require a sum of \$1,325,500 to carry on our work. We hope to be in a position to call for tenders early this autumn. In this case we deem it desirable that the sum of \$3,000,000 should be voted on account of possible payments to contractors."

## MAXIMUM GRADES.

Chief Engineer Langdon reports that grades of 4 eastbound and of 6 westbound with maximum curvatures of four degrees are obtainable excepting in a few places where 6 degree curves may be needed. In no case will a curve be in excess of 6 degrees. The river route is surveyed to measure 333 miles, whereas what is known as the back route is 316 miles, a distance of 17 miles in favor of the latter. Bridges and curvatures on the back line are comparatively few and small in number. From Grand View to Quebec they are small in size and number. Engineer Dugas found that a first class line could be had from the Quebec boundary near Edmundston to Quebec bridge, and from the latter westerly by way of Batican, La Tuque and St. Maurice river to Waymouth, a distance of 432 miles. In no case will the grades on the eastbound traffic exceed 4 per cent. and on the westbound 6 per cent. with very few cases of 6 per cent. The maximum curvatures of six degrees will only be called into requisition in a few places. The average cost of this stretch from Edmundston to Waymouth will not exceed \$30,000 a mile.

The distance from Montreal to St. Chrysostome is 493 1-2 miles by the Intercolonial. The distance between the same points by the transcontinental is 504 miles. Final location surveys will, however, shorten this latter distance by 18 miles, making the distance from Montreal to St. Chrysostome 486 miles. The estimated shortening from the preliminary surveys, using one per cent. grades both ways is 100 miles, which would make the distance 403 miles. The Intercolonial, with one per cent. grades can haul 22 cars, equal to 660 tons net pay load, whereas the transcontinental could carry 42 cars eastbound, giving 1,260 tons net pay load, and westbound 33 cars, giving 990 tons net pay loads.

Assistant Engineer Butler gives the cost per ton on the several lines as follows: I.C.R., Montreal to St. Chrysostome, 72 cents; transcontinental railway, Montreal to St. Chrysostome, 59 7-10 cents; using a one per cent. grade, or 43 cents; using the minimum grades obtainable.

Speaking of the matter between Clear Lake, Ontario and the Ontario boundary, Mr. Langdon says that the country is dotted with numerous lakes, the lands being timbered with spruce, fir, balsam, white pine, small balsam and cedar. It will be some time before it can be decided whether the line north or south of Lake Abitibi will prove the more advantageous.

## CONTAINS MUCH TIMBER.

The reports so far indicate that the north line will be found the more advantageous as to the cost of construction, the nature of the country traversed and its suitability for settlement. The country between Winnipeg and Lake Superior contains enough timber to supply the whole of this section, and to furnish the branch to Lake Superior. It consists principally of rocky knolls interspersed by numerous lakes.

## WANTED.

GOOD AGENTS FOR THE  
Oliver Typewriter  
IN ALL  
UNOCCUPIED TERRITORY

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

## THE CITY COUNCIL

## DISCUSS GENERAL BUSINESS.

Electric Power for Day Users after  
June 1st—Commissioners will tackle  
the Social Evil.

The city council met in regular  
session last evening, all the members  
present except Ald. Boyle. The  
minutes of the preceding meeting  
were read and adopted after some  
discussion.

REPRESENTATIVES WILL GO TO  
REGINA.

The secretary of the Board of  
Trade wrote asking the council to  
appoint a delegation to form one of  
the five to be sent by the board to  
the boards of trade convention in  
Regina on June 29th and 30th. It  
was proposed to ask Mayor Mackenzie  
to go, but the council concluded  
his presence would be needed here  
at that time in connection with the  
provincial celebration. The letter  
was laid over for the time being,  
the secretary to inform the board  
that it is the intention of the council  
to appoint a delegate, who will  
be named later.

## TO ADVERTISE THE CITY.

Mrs. Dr. Braithwaite, editor-in-  
chief of a special edition of a local  
paper being issued by the women's  
hospital, had written requesting the  
council to buy advertising space.  
After discussion it was decided to ad-  
vertise the city in a quarter page,  
at a cost of \$25.

## WILL PUT THEM OUT.

C. H. Gibson wrote enclosing a peti-  
tion from property-owners affected  
asking that certain houses of ill-  
fame be abolished in the northeast  
and the western portion of the city.  
Ald. McLeod and Grisham moved  
that the matter be left with the  
commissioners with power to act.

The mayor wanted an expression  
of opinion from the council as to  
what should be done.  
Ald. Grisham said the criminal  
law was clear, and, if enforced,  
the houses would be broken up. He  
was opposed to any expression of opinion  
from the council. To give the ten-  
ants of houses notice to leave in  
three months was to give them per-  
mission to remain for three months,  
which they had no right to do.

Commissioner Kinaird doubted  
whether the parties could be ex-  
pelled from the city if they were  
property owners.  
Ald. Board pointed out that the  
houses had been removed some time  
since and that they had not again  
moved into the city but that the  
expansion of the city boundaries had  
included them.

Ald. May thought the council  
unwisely in favor of closing the  
houses.  
Ald. McLeod believed the commis-  
sioners would know what to do in  
the matter and the motion was  
adopted, leaving it in their hands.

## HOLDS THE CITY RESPONSIBLE.

John Henry wrote informing the  
council that he had had a fall in  
front of the post office owing to a  
loose plank in the sidewalk and  
that he would hold the city respon-  
sible for a severe shaking up. Ald.  
May said Mr. Henry had rented out  
this plank to him a few days since  
and it was strange that he should  
have fallen over the same plank.  
The letter was filed.

DAY POWER WILL BE TURNED  
ON.

The commissioners reported that  
the large pump at the power house  
was now ready for operation, by  
means of which power could be sup-  
plied for running machinery during  
the day. They considered the  
supply of such power would en-  
courage industries. The run power  
day would cost the city \$4000 per  
year. It could be run from 12 to  
6 each afternoon at a cost of about  
\$100 per month. They recommended  
that this service be started June 1st.

Ald. McLeod was dissatisfied with  
the commissioners' report. It did  
not show the prospective revenue.  
He inquired where the report of the  
city electrician was. Some time  
since he had been instructed to en-  
courage the city, but his report had not  
been presented. An answer of fact  
was understood that there were only  
orders for six horse power in sight.

Ald. May thought the operation of  
cellar lights and the use of residence  
and store lights on dark days would  
pay very soon. He favored running  
all day and going after business.

Ald. Bellamy said the bylaw on  
which the ratepayers had voted for  
the installation of the plant had  
promised day power and this prom-  
ise should be kept.

R. Mays of the North-West Elec-  
tric Co., addressed the council, in-  
forming them that several firms  
were awaiting the certainty of se-  
curing power to put in electric lifts  
and elevators in their business places  
and several hotels wanted to put in  
electric fans.

Ald. Clark moved that the report  
be adopted.

Ald. Bellamy and Picard moved in  
amendment that the service start  
June 1 and run all day.

The Password  
Is Quality

For admission to my stock, I have always suc-  
ceeded in getting not "something just as good" but some-  
thing a little better than the best. My wools are  
bought from the three most exclusive houses in the  
world. I have many patterns in Wools and "Trim-  
mings" which are not to be found outside of New York  
or London.

In another announcement I want to tell you the dif-  
ference between cheapness and more reliable  
covering. But just now I want you to know that  
QUALITY is the only thing that counts with

An Ideal Breakfast

## CITY COUNCIL.

Continued from page four

W. R. Hull addressed the council. He thought the estimate given by Ald. McLeod was low, and explained the trouble he had been put to by following the advice of the city officials and installing electrical fittings before the city was prepared to supply the power.

Ald. McLeod wanted to know about the electrical report. He thought the guarantee of the council to supply power on and after July 1 should be advertised and the service started at that date.

The mayor said he believed the commissioners had a report some place from the electrician.

The question of light users on flat rate came up in this connection. Ald. Bellamy and Clark were surprised to learn that any lights were being supplied on this basis, as they had understood all were on meters.

Ald. Clark withdrew his motion and seconded an amendment moved by Ald. McLeod that power be guaranteed after July 1, and that this be advertised by the meantime; the clusters to be cut off forthwith and all lights put on meters.

Ald. McLeod said that if the motion carried, one firm would get the benefit for June at the expense of the entire city. He objected to aldermen interested in the question voting.

Ald. Bellamy thought this a narrow view.

The amendment was lost and the motion carried. Power will therefore start June 1, and run full time. A subsequent motion was carried that all lights be put on meters.

## NEWS OF THE DAY.

## IMMIGRANTS DEPORTED.

Montreal, May 26.—Eighty-four immigrants infected with trachoma were deported and sailed back on the steamers Attahia and Lake Erie.

## COMMON ASSAULT

Patterson, May 27th.—Walter Salisbury was found guilty of common assault for shooting at Jack Barr. The Lordmaver license appeal case is now on.

## ANOTHER LINE MADE

Ottawa, May 26th.—The Halifax and Yarmouth railway has been transferred to the Halifax and South Western railway, which belongs to the Mackenzie and Mann system. The deal was put through yesterday. The Halifax and Yarmouth is fifty miles long.

## BASEBALL NEWS

Winnipeg, May 27th.—Rain necessitated calling off the ball game between the Maroons and the St. Cloud Brainerd combination yesterday and as a result the fans will be given two games this afternoon, the first and only real double header of the season. Yesterday's scores—Grand Forks 5, Fargo 8; Crookston 5, Duluth 4.

## WETASKIWIN WON OUT

Calgary, May 26th.—The Wetaskiwin baseball team defeated the Calgary team yesterday by a score of 5 to 2 in a fast game which was not free from errors but which was a ball game from the beginning to the end. The score represents the comparative playing of the two teams. The Wetaskiwin team won because it was a little bit stronger from beginning to the end. It had the best of it with the stick, in the box and in the field. The Calgary team did game but were beaten.

## NEW SENATOR APPOINTED

Ottawa, May 26th.—Hon. Wm. Ross, who represented Victoria, Nova Scotia in the last Parliament and who was for a time Minister of Militia in the Mackenzie administration has been called to the Senate. He was one of the most popular members of the House and has a host of friends in Ottawa. Jas. A. Smart ex-deputy Minister of the Interior has been incorporated as Jas. A. Smart company, to do business as a passenger booking agent, advancing money to immigrants and to deal in real estate, etc., with a proposed capital of \$50,000.

## EDISON NEWS.

Mr. Alton is in town likewise Messrs. Garrison and Armstrong who intend to bring back a well-boring outfit.

Mr. and Mrs. Shutt also are in town. Mr. Shutt on business relative to the loss of cattle by three of the settlers. Coyote poison is credited with being the cause, but on this point the analyst will give his opinion.

The Edgson family, taking advantage of Wednesday being a general holiday had a big tea raising with a dance in the evening.

The unsurveyed land close to the Pembina is being rapidly taken up by a good class of settlers.

There has been another arrival from the Old Country, Miss Daisy Anderson having joined her brother and sister who located near the Pembina.

The two Mills boys have seeded about 50 acres and we understand their wheat is showing up well.

We recently had a visit from a member of the N.W.M.P., the moral effect of which was great. It is to be regretted that he did not happen upon some who have dropped lighted matches into the dry grass on either side of the roads, as owing to the high winds several houses and barns were placed in jeopardy.

Edison, May 27th, 1906.

## Telegraphic Briefs

## JAPS PLAN ANOTHER MOVE.

London, May 26.—The Japanese are planning another big turning movement with the intention of turning General Lincolnton out of his recent entrenchments and driving him further north again.

## MEN LABOR ACT ENFORCED.

St. Thomas, May 26.—An order in council has been passed in Ottawa, putting in force the penalty of the alien labor act and warrants have been issued for the deportation of twelve Pere Marquette officials, including Superintendent Platt and J. McManamy. Master mechanics were given twenty-four days to leave the country and other officials four days.

## MAROONS WON A GAME.

Winnipeg, May 26.—It looked like a shoutout for the St. Cloud-Brainer outfit yesterday right up until the ninth innings. Then "Lefty" Sporer, who had been twirling in masterly fashion, eased up, having the game well in hand and with two out, the twins squeezed in a single tally on a single, a base on balls, and another hit to left. With runners on second and third, Sporer settled down again and the next batter was an easy put, giving the Maroons the first game of the series by 6 to 1.

## THE DAY'S FIRE RECORD.

Brussels, Ont., May 26.—Fire destroyed several buildings here, including a grain mill and a carriage factory, loss \$50,000.

London, May 26.—Dymont and Baker's large planning mills were burnt to the ground by a large rocket which fell in the yards yesterday. Dymont's turning factory was also destroyed. Three cars loaded with machinery and implements were likewise burned. They were valued at \$10,000. Loss on Dymont's mill, \$50,000; total loss \$80,000.

## POPULACE ENFORCES THE LAW.

Warsaw, May 26.—Respectable Jews of this city, tired of being called names, resolved that as the police were receiving bribes for protecting disreputable Jewish houses, to take the matter in hand and the result is eight killed and one hundred wounded. Extraordinary scenes were witnessed. Crowds visited the houses furnished with costly effects and wardrobes. Pianos and mirrors were flung from windows. Jewellery was crushed with stones. Nothing was spared but not a single resort escaped demolition. Late at night the Cossacks fired on the crowd, wounding many people.

#### CONJURING CREEK.

Splendid weather continues.  
Fall wheat and spring grains are  
looking good.

The rush of settlers to the district  
west of here and Strawberry Creek  
is most remarkable this year and  
Conjuring Creek (which is 15 miles  
west of Leduc) and which was the  
farthest settlement west of Leduc  
only a few years ago, seems now very  
near to town, considering the large  
settlements for miles west of here  
with post offices, schools, stores, etc.

Fires have been very numerous this  
year and considerable damage done to  
out buildings, fences &c., and our  
farmers are busy fencing with wire.

At the humble school meeting on  
Saturday week last Frank Clifford  
was elected trustee to succeed the  
late Mr. H. Hamilton.

Mr. and Mrs. Humble and family  
moved to Strathcona last Saturday  
where Mr. Humble will follow his  
blacksmithing trade.

Mr. and Mrs. Bush who left here for Mi-  
chigan six years ago returned to the  
Creek last week.

Settlers are coming to the Creek  
but mostly for improved farms as  
all homesteads are gone.

Football is the order of this sum-  
mer's sport with the Creek team.

Things look brighter at the Creek  
this year than in any previous year  
Conjuring Creek and Humble schools  
are both open this summer.

A little daughter was born to Mr.  
and Mrs. Irvine Morris on Thursday  
the 18th inst.

May 20th, 1905.

#### Regina Makes Great Pre- parations.

The following circular sent out by  
the Regina board of trade indicates  
the elaborate preparations being made  
to fittingly celebrate the assumption  
of Provincial status:

"Not a day passes now but there are  
signs of the coming celebration at  
the Capital of the Territories on the  
1st of July, to inaugurate the crea-  
tion of the Provinces of Saskatche-  
wan and Alberta. Two of the cannon  
have already arrived, and enquiries,  
communications and suggestions flow  
to the secretary's office from all di-  
rections, already persons are secur-

ing rooms, and one of the worst tasks  
the organizing committee have to  
perform is that of finding accommodation  
and food for the immense crowd  
of persons it is evident will be in Re-  
gina on that day. Some towns speak-  
ing of coming en masse of which  
Rosthern on the north line and Car-  
leton Place on the Assiniboia extension and  
Yellow Grass on the Soo line are but  
instances, other places on the three  
branch lines also intimating that they  
are sending crowds. On the main line  
the cities and towns thereon will send  
large contingents. Indian Head and  
other places have postponed their an-  
nual sports in order to be able to  
participate in the affair at Regina.  
The organizing committee at Regina  
meet twice a week with the mayor in  
the chair and the report of the vari-  
ous sub-committees show them to be  
getting things in shape. Matters are  
now so far advanced that the pro-  
gram can be outlined, though it is  
subject to alteration as details become  
known. The proceedings will virtual-  
ly begin two days ahead when the  
boards of trade of the Territories will  
be in convention and doubtless the  
closing festivities of that event will  
coincide with the opening festivi-  
ties of the celebration. On Friday  
the 30th June there will be a ball in  
the capacious skating rink recently  
erected, and at midnight of that day  
there will be electrical effects an-  
nouncing that the provincial status  
has been reached. Early on the mor-  
ning of Saturday 1st July the city of  
Regina will be awakened by a fanfare  
from bands of music collected from  
different parts of the Territories.  
Immediately after breakfast the  
school children, 650 in number will be  
paraded and marched, to the music of  
the band, which will also accompany  
the songs they sing. This will be  
followed by a city procession with  
symbolical floats, and the firemen as  
a special feature, and most prominent  
of all the legislators and ex-legislators  
of the North West Territories. By  
this time it is expected that the 90th  
regiment will have arrived. These  
will at once march to their camp on  
the exhibition grounds where also  
the official ceremony and functions  
will take place and there will be a  
march past and review by the 90th.  
and the R.N.W.M.F. After the speech-  
es of the Governor General, the Pre-  
mier of the Dominion and other  
notables there will be a rest for the  
freshmen until three o'clock when  
a series of military maneuvers will  
be mounted. Police, Infantry and artil-  
lery will take place. There will also  
be other attractions not yet decided  
upon. In the evening there will be  
a brass band concert in the Victoria  
Park followed by an elaborate fire-  
works. What is to be the most ap-  
propriate termination to the historic  
celebration is at present a matter  
that is receiving consideration."

#### ASTONISHED THE DOCTOR.

Mrs. Eaton Recovering. Although Her  
Physician said She Might Drop Dead  
at any time.

"The Doctor told  
me I had heart disease  
and was liable to drop  
on the street at any  
time," says Mrs. Robert  
Eaton, of Dufferin,  
Ont.

"My trouble began  
four years ago with a  
weak heart. I was  
often afraid to draw  
my breath, it pained  
me. I was bothered  
with nervousness,  
dizziness, loss of appetite, smothering  
and sinking spells, and I could not sleep."

"Sometimes a great weakness  
would seize me and I would have to lie down to  
keep from falling. My hands and feet  
would seem to go to sleep and a sort of  
numbness would come all over me and per-  
haps immediately after the blood would  
rush to my head and a series of hot flashes  
would envelop me."

"I took all kinds of medicines, but kept  
gradually growing worse until about eight  
weeks ago, when I began using Dr. Leon-  
hardt's Anti-Pill. From the start I im-  
proved until now my appetite has returned,  
I can sleep well, and have no nervousness,  
dizziness, palpitation, faintness or any of  
my other troubles. They have all entirely  
disappeared. I feel much stronger, look  
better, and altogether Anti-Pill has made a  
new woman of me."

"I am entirely cured and cannot say too  
much for this wonderful remedy. I would  
most heartily recommend Anti-Pill to any-  
one suffering as I did."

## EDMONTON ALTA. CANADA

POPULATION ..... 7,500

## CITY GOVERNMENT:—

Mayor, K. W. MacKenzie; Aldermen, C. May, K. A. McLeod, W. B. Clark, D. R. Fraser, J. R. Boyle, T. Bellamy, J. E. Picard, W. A. Giesbach.

Conveniences:—Waterworks, sewer system, telephone system, electric lighting system, all owned and operated by the city.

Board of Trade:—President, A. B. Campbell, Vice-President, A. T. Cushing, Secretary, E. T. Fisher.

Educational Institutions:—Public and separate schools, high school, Alberta College.

CHURCHES:—Roman Catholic, Anglican, Presbyterian, Methodist Baptist, German Baptist, Lutheran, Salvation Army.

TRAIN SERVICE:—Leaves for Strathcona 7 and 15.30. Arrives from Strathcona 9.15 and 10.50.

## LOCAL

—Train on time.

—Prob—Fine and warmer.

—The meeting of the Grace Church Epworth League will be withdrawn on Monday evening.

—C. Rohoff, Strathcona, is among the graduating druggists at the Winnipeg Pharmacy college.

—“The Hottest Coon in Dixie,” a highly commended troop of colored minstrels, appear in the rink on Monday evening.

—Two barrels of port wine were dumped from a wagon on Jasper avenue today and beginning to leak the odor speedily drew a deeply interested group of spectators.

—Messrs. Fraser Bros., of Strathcona, have secured from Mr. John Latham, of Okotoks, a contract for the building of an elevator at Ponoka. The capacity of the building is to be 30,000 bushels.

—Calgary Eye Opener: Think of Edmonton, morally degraded as it is, or as its Methodist minister finds it, as the seat of government! It would be just the kind of nest for all manner of vice and graft and nigger corruption to lodge in. The Ministerial association and the Methodist conference should protest against the aspirations of the Galician settlement to the north.

—Mr. Stewart McIntosh, whose farm is situated about twenty-eight miles this side of Lloydminster, has been spending the week in Strathcona on business. He reports extraordinarily activity in that locality. Mr. McIntosh, with J. B. McArthur's outfit, is now about fifteen miles this side of Lloydminster and is running the C. N. R. grading through the Blackfoot hills at a great pace.

—Moose Jaw, N.W.T., May 22.—Mr. Seymour Green, secretary of the board of trade, has received a letter from Mr. Wm. Whyte, second vice-president of the G. T. P., containing the information that the president has recommended that a survey be made of the proposed road from Moose Jaw to the elbow of the Saskatchewan and that there is prospects of the road being built at an early date. This is a most important matter for Moose Jaw as the road will then open up a large district of good farming land tributary to this city.

—Calgary Herald:—There is just enough of the minstrel touch to the Hottest Coon in Dixie to remind the old timers of the black face art of other days, but the great strength of the production is the exquisite song and dance turns of the members and the exceedingly dainty manner in which the whole program is rendered. The voices are good, away above the average and the negro melodies were applauded loudly. The “Dixie and the Moon” by Mr. and Miss Marshall, was one of the hits of the evening. “I’m Santa Claus” by the entire company was well received. The illustrated song, “Rose with a Broken Stem” was charming.
